About Our Company

Structured Travel That Builds Real Independence

Carefree Getaways Limited provides structured supported travel experiences designed to bridge the gap between independence and full support services.

We specialise in supporting semi-independent individuals aged 16+ who are able to manage their personal care but benefit from structured planning, reassurance and professional supervision when travelling.

Our service enables individuals to explore new environments safely while building confidence, independence and meaningful real-world experience.

WHY CAREFREE GETAWAYS

Bridging the Gap Between Independence and Full Support

Carefree Getaways has been designed to support individuals who do not require traditional care services but still benefit from structured reassurance when accessing travel and new environments.

Our model offers:

- ✓ Trip-based support rather than continuous care
- ✓ Independence-focused supervision
- ✓ Structured travel planning and delivery
- ✓ A professional, non-institutional approach

We support individuals at a stage where confidence, exposure and guidance can make a meaningful difference.

Who We Support

Our services are suitable for individuals who:

- ✓ Are semi-independent
- ✓ Do not require personal care
- ✓ Benefit from supervision in unfamiliar environments
- ✓ Experience anxiety when travelling alone
- ✓ Are working towards greater independence
